ARCHER™

Archer® Exchange

Overview

With the Archer Exchange, the Archer team and our trusted partners have created a broad selection of supplemental, value-add offerings to help you get your unique risk management program on the right path, right from the start. You can leverage the Archer Exchange to expand use of Archer solutions into new business processes and address specific industry, geographic, regulatory, or technical requirements. The Archer Exchange features a fast and nimble development cycle, enabling quick delivery of new and updated offerings for trending issues and connections to innovative technologies.

Offered online via RSA Link, Archer Exchange provides access to a wide range of pre-built App-Packs, Integrations, and Tools & Utilities and Content that complement and enhance out-of-the-box capabilities of Archer use cases.

- **App-Packs**—prebuilt applications addressing adjacent or supporting integrated risk management (IRM) processes (e.g., niche, industry, geo specific).

- **Integrations**—prebuilt data exchange configurations to bring data into and push data out of the Archer Platform.

- **Tools & Utilities**—prebuilt functions enabling administrators to more easily manage their Archer Platform implementation.

- **Content**—pre-mapped collection of best-practice policies, control standards, legal and regulatory requirements, industry standards, and assessments.
